

# FOOD SYMPHONY LIVE

**ENTERTAINING • HEALTHY • DELICIOUS**

Get ready for a high-energy, cook your way around the world Master Chef style! A hands-on interactive 'food and entertainment' event that builds up to a major climax and prize-giving. You create your evening by choosing what activities your team will enjoy. The show is at your place or ours. We make it happen, you watch your team bond!

“The atmosphere was electric, fun and very rewarding. Our staff can't stop talking about the event.”

*Nicky Dubery, SKYCITY Auckland*

Your group is greeted by our Chef and then split into groups to rotate around the food pods. Each group completes each food pod in approximately 20 minutes. You'll watch demonstrations from the food pod leader who is a trained and professional Social Cooking presenter and then you create your own delicious morsels. Prepare to be entertained and challenged throughout the night.

Take a break in the chill out area and catch up with friends as you go in and out of the cooking pods. An element of competition can be added to see who is hot in the kitchen but the flow and overall theme is a good time and entertaining and innovative night out. We'll take photos throughout the evening so you can be captured in the moment!

No group is too large. Great for 30 or 200 attendees. Groups rotate between 4 or 5 interactive food pods including: Chocolate Baskets, Sushi, WOW (World of Wearable Arts pavlova decorating challenge), Cocktails, Vietnamese Spring Rolls, or Gourmet Italian Pizza.
